Discovery Bay Fully Supports Fu Hong Society's Charity Event Donation of Grand Prizes from "Discovery Bay Easter Egg Hunt on the Beach & Carnival" Benefiting Families in need to Build a Caring Community

(Hong Kong · 21st May, 2026) Discovery Bay is committed to building a sustainable and caring community. It not only sets a benchmark for environmental protection and lifestyle but also actively integrates corporate social responsibility into every community activity.

In support of the fundraising event for the Fu Hong Society Charity Pickleball Competition, Discovery Bay donated special grand prizes from sponsors of the "Discovery Bay Easter Egg Hunt on the Beach & Carnival", which concluded in April. These contributions help raise funds for the Society to serve over 4,000 persons with disabilities under its care, including individuals with intellectual disabilities, autism spectrum disorders, mental health challenges, and physical impairments. Meantime, the remaining small egg prizes have been given to the Pentecostal Church of Hong Kong Hong Lok Integrated Vocational Rehabilitation Services Centre and the Ronald McDonald House Charities, bringing joy and hope to underprivileged families.

Donation of Grand Prizes from "Discovery Bay Easter Egg Hunt on the Beach & Carnival" for Fundraising

Discovery Bay has always cared for the needs of underprivileged groups, with a special focus on child and youth development as well as family support. Recognising that the Fu Hong Society shares the same caring mission, Discovery Bay has decided to fully support the event by donating grand prizes from its "Discovery Bay Easter Egg Hunt on the Beach & Carnival" sponsors to help families in need. At the same time, Discovery Bay also takes this opportunity to extend sincere thanks to all sponsors for their strong support and selfless cooperation, which enable charitable acts to reach those with special needs and their families.
